25X1

On 30 December 1953, a conference was held between representatives of VEB Energieprojektierung (Designs Office for Power Stations) and the Berlin II Designs Bureau for Industrial Construction Work on the acceleration of the designing work for the power station of the brown coal combine at Konin in Poland. It was stated that it would be possible to transmit the completed designs for the power station to the "Energoprojekt Warszawa" on 1 June 1954 instead of 15 August.
